THE FORMAL PART OF THE MEETING WAS CLOSED AT 8.20pm.

CONTINUED for AUGUST 1981.

=====

On wednesday the 5th August, The group met and we were pleased to see some new faces and hope they will continue to attend. Twenty-two people attended the meeting which started at 7.30pm.. As our chairman, Phil Lyon, was away holidaying in the snow, Ian Dillon chaired the meeting.

From September, meeting will be held on the FIRST TUESDAY OF EACH MONTH. The next meeting will be Tuesday 1st. September at 130 Petrie Terrace.

8.COMMITTEE ELECTIONS.

Mr. Brian Beamish has decided to resign from the committee as his commitments have prevented him from participating as he would have liked.

Mr. Greg Perry and Mr. John Alymer were elected to the Committee and Mr. Bob Kosse was elected to the position of Public Domain Librarian.

GENERAL DISCUSSIONS.

Our guest speaker for the last meeting was Mr. Bernie Hogan, from the COMPUTER EDUCATION CENTRE. Bernie has a computer background and has been writing basic programs for about 6 years. He gave the meeting some ideas on what could be accomplished with MICRO/PERSONAL COMPUTERS including, Word Processing, Business Modelling, Cash Flow Forecasting, etc.

A lengthy discussion on COPYRIGHT then followed. It was decided that any suspected breaches of Copyright would be reported to the Committee which would decide what action should be taken to rectify the situation.

A discussion followed on Treasurer Bill Brown's involvement with the group. As CW Electronics was instrumental in setting up the group it was thought that Bill's position should be clarified. Bill and Brian Beamish joined the group as "USERS" and participate in the groups activities as "USERS". This point was made clear to the meeting and Bill volunteered to resign if any member felt his position was being compromised. There was no objections to Bill continuing as treasurer for the time being. It was also decided that Bill should address each meeting as a representative of CW Electronics to demonstrate new equipment, programmes etc...

Bob Kosse and John Alymer advised the meeting that they had developed a machine which could assist in copying programmes for members. Master tapes will be supplied by the group and if members have developed programs which they feel others may be interested in, They are invited to bring them along to the meetings. If **MEMBERS** are interested in getting cyps of (tape) programs, bring along your tape recorder and cassette to each meeting. By the way if you do set up a program then please put you name and address with a short discription of the programs function at the beginning of your program.

A list of Public Domain Software will be made available as soon as possible.
